

Atos Unify Academy

Unify Office Sales Professional - Module 4 - Solution Overview

Course code UOSPM04SDV

Target Group Atos Unify Partners and internal Sales and Ops teams.

Course language	Delivery type	Duration
English	WBT	15 min.

Course description

In this comprehensive learning module, participants will gain a thorough understanding of various aspects related to the Unify Office family, aimed at elevating communication and collaboration experiences. The content covers an insightful overview of the Unify Office family, emphasizing its role in corporate communication enhancement. Participants will explore the functionalities of Unify Video, with a focus on distinguishing features between Unify Office and Unify Video. The module further explores Unify Rooms, shedding light on the meeting room video experience tailored for organizations employing multi-vendor room hardware and software. Additionally, users will explore Unify Phone, a solution designed to uphold control and security in communications through harmonized features. The module concludes with a comparative analysis of package offerings across Europe, the United Kingdom, the USA, and Australia. To enrich the learning experience, participants will also explore the extensive array of pre-built integrations and APIs, including seamless connections with Microsoft, Google, Salesforce, and ServiceNow.

Learning Target

Users will become familiar with the following topics:

- Overview of the Unify Office family and its role in enhancing communication and collaboration experiences.
