Upon having passed the test, you automatically receive an e-mail with your certificate as a PDF within 48 hours in attachment.

Please finish the exam module in one operation, since the start is limited to a total of four times. Afterwards the access to this test is closed for one week. The attendee has to send an email to certification@atos.net to be released again for the examination.

We strongly recommend taking the relevant Unify Technical Sales courses as the best preparation for passing the test.
