Atos Unify Academy

Unify OpenScape Enterprise Version 11 Release 1 - Update Training for Service and Solution Architects

Course code OSEV111UDX

Target Group Service technicians, Customer Administrator, Self Maintainer, Solution Architects (formerly consultants, pre sales and technical sales)

Course language	Delivery type	Duration
English	WBT	25 min.

Course description

This course is for service-oriented technicians and Solution Architects. Goal is to introduce the V11R1 topics, as offered by the Product House (PH). Main objectives are the rebranding from Atos to Unify as well as the ELIN support for MS Teams. Participants should be able to fulfill customer expectations related to the V11R1 release. The training also covers some late features V11R0, which can be seen as add-on content to the official Release Notes.

Learning Target

The participant
- knows the SBC/OSB V11R1 system enhancements.
- knows how to upgrade the products, presents and implements the new features to the customer.

Prerequisites

Adequate knowledge about the Unify OpenScape Branch V11R0, Unify OpenScape SBC V11R0 - for example gained through:
- Unify OpenScape Branch for Service (OSBADV1SCS)
- Unify OpenScape Session Border Controller (SBCADV1SCS)
- and/or Market Introduction Training V11R0
