2 hr

## Course description

Mitel OpenScape Contact Center V12 R0 is a new major version of Mitel OpenScape Contact Center, and the successor to Mitel OpenScape Contact Center V11 R1. Upgrading from the previous version of Mitel OpenScape Contact Center is straightforward. The main new features are support for headsets and whisper coach, CMS pre-recording decision and enhanced security for recording access, CSAT opt-in/out feature with support for customer-provided audio files, support for Subscription Licensing (V3), XLSX support throughout the application, and REST SDK enhancements for 3rd-Party integration support.

## Learning Target

Enabling participants in installing and supporting Mitel OpenScape Contact Center V12 R0.

## Prerequisites

Expert knowledge of the previous version Mitel OpenScape Contact Center V11 R1.

## Contents

Scope of the Release V12 R0
